

WOMAN SAVED MUCH SUFFERING

By taking Friend's Advice and Lydia E. Pinkham's Vegetable Compound.

West Plains, Mo.—"I was all run down in health, had indigestion and terrible cramps every month so I was unable to do anything. I had tried every doctor in West Plains, also every remedy I could think of, without relief. One day when I was suffering greatly a friend was at my house and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I did, and through it, I found relief from my suffering and I really believe it saved my life. It does not seem as though I can say enough in praise of this wonderful medicine for the health it has brought me."—Miss CORA LEE HALL, West Plains, Mo.

Perhaps it may seem an extravagant statement to say that this great remedy saved a life; but women like Mrs. Hall, to whom it has brought health, happiness and safety, and suffering they have escaped too well to doubt it. All who suffer should try it. Why risk life and health without it?

GERMAN EMBLEMS ELIMINATED
BY NEW LONDON MOOSE.

Altar Cloths Bore Emblems of Germany and Austria.

The cloth which covers the altar at the lodge rooms of the Loyal Order of Moose of New London, was discovered at a recent meeting to have on it the German and Austrian national emblems with those of other nations.

Immediately upon finding the German and Austrian emblems, a meeting of the lodge was called for the purpose of removing them. The meeting was held last Sunday night and was one of the largest that has been held by the lodge.

It was decided that the German and Austrian emblems and the emblems of the United States, which were on the altar, should be removed and the altar cloth should be replaced with a new one.

CAMP DEWEY BOYS
RETURN FROM HIKE.

Spent Two Nights at Crescent Beach in Camp on Beach.

Tired but happy, 300 members of the U. S. Marine Reserve returned to Camp Dewey late Thursday afternoon after a hike to Crescent Beach, where they camped on the shore of the ocean. They returned to camp Tuesday and Wednesday nights.

On Tuesday, where after drilling they continued on to Nantuxet, where they made camp for the night. When they arrived they found a piping hot supper waiting for them, as the cooks had anticipated the return of the boys in the boats in tow of the large motor launches Adair and Tuna.

Thursday evening the boys were entertained by the officers and enlisted men of the 1st Marine Division. The boys were invited to sleep in the houses instead of in the tents. The majority of the boys, however, slept in the tents.

On Wednesday the boys had a day with the setting-up exercises and then held nautical school in the morning. At dinner they were served with clam chowder, and the evening there were two dances in attractively decorated halls. The dances were organized by Mrs. Grace Merritt and Mrs. Freda L. Loomis.

Major Frank C. York of Toronto, Major Physician said that it was hard to find words to express his appreciation for the fine way in which the boys had behaved. He said that the boys had been treated as the general opinion of the cadets voiced the general opinion of the officers. "If I had been the king of Egypt, I couldn't have been treated any better."

There were very few—only about 100—of the boys who did not make a perfect score for the hike, that completed the hike. Those who made perfect scores will take the next hike, which will be on Saturday and will take the boys to Narragansett.

The boys went to Crescent Beach at the invitation of the town and while they were there they were given a tour of the town and the boys were given a tour of the town and the boys were given a tour of the town.

On the way back the boys sighted several seals, but they were too far away to be seen. The boys were given a tour of the town and the boys were given a tour of the town.
